UDDER MARK
GENERAL PURPOSE

500ml e

Net weight 360g / 12.7oz

DANGER
KEEP OUT OF REACH
OF CHILDREN

FLUORESCENT COATING

DANGER

READ LABEL BEFORE USE

KEEP OUT OF REACH OF CHILDREN

INTENTIONAL MISUSE BY DELIBERATELY CONCENTRATING AND
INHALING CONTENTS CAN BE HARMFUL OR FATAL.

DIRECTIONS FOR USE:

Shake can vigorously before use.

Shake the can until the ball bearing can be heard moving backwards and forwards, then continue to shake for at least another 30 seconds.

As a temporary marker, spray the udder, leg or flank at a distance of 20cm to temporarily mark cows for identification at subsequent milkings.

For detection of oestrus activity, paint a strip 20cm long by 6cm wide along the backbone forward from the top of the cow's tail. Apply 3 or 4 passes at a distance of 20cm spraying against the hair. Inspect daily and when paint is rubbed and broken, this indicates that the cow is in heat.

Invert the can and spray until clear to keep the nozzle open after use

HAZARD STATEMENTS

Extremely flammable aerosol

May be fatal if swallowed and enters airways

Causes serious eye irritation.

Toxic to aquatic life with long lasting effects.

PREVENTION STATEMENTS

Read label before use.

Keep away from open flames, sparks and heat surfaces.
