# GIVE YOUR BREEDING FLOCK A LIFT!

ProEwe Gold is a high Iodine mineralised probiotic digestion enhancer, formulated to give ewes a boost at important times such as pre-tupping and pre-lambing, feed change and other strategic times. The product can also be used with rams.

## WARNING

### READ LABEL BEFORE USE

Keep out of reach of children. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wash hands thoroughly after handling. Wear protective gloves and eye protection. Avoid breathing mist and spray. Contaminated work clothing should not be allowed out of the workplace. Use personal protective equipment as required.

### INDICATIONS

ProEwe Gold has a two fold strategy:

- To promote beneficial rumen microbes and to aid in enhancing digestion
- To give stock a boost of essential minerals and vitamins

Each 7 mL dose is formulated to contain

85% rumen probiotic plus 4 mg of Cobalt,

40 mg of Zinc, 120 mg of Iodine, 1 mg of Selenium,

9000IU of Vitamin A, 3000IU of Vitamin D,

200 mg of Vitamin E, as bottled at the factory.

### DOSE RATES:

Shake well before use. Apply by oral dosing, using correct drenching technique.

**Ewes:** 7 mL per head, at pre-tupping, pre-lambing, during brassica feeding and other strategic times.

**Rams:** 7 mL per head, as strategic dosing.

**THIS PRODUCT IS NOT FOR LAMBS.**

### WITHHOLDING PERIOD

It is an offence for users of this product to cause residues exceeding the relevant MRL in the Food Notice: Maximum Residue Levels for Agricultural Compounds.

Meat and Milk: Nil

### PRECAUTIONS

Do not use at the same time as other products that contain selenium without the advice of a nutritional advisor or veterinarian.

### FIRST AID

**IF SWALLOWED:** Call the National Poisons Centre or doctor/physician if you feel unwell.

**IF INHALED:** If medical advice is needed, have product container or label at hand. Do NOT induce vomiting. Call the National Poisons Centre or doctor/physician if you feel unwell. If medical advice is needed, have product container or label at hand.

**IF ON SKIN:** Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

**IF exposed or concerned:** Get medical advice/attention.

National Poisons Centre 24 Hour Phone:  
0800 POISON (0800 764 766)

### STORAGE

Store locked up out of direct sunlight, at room temperature (25°C), or below. Keep container tightly closed.

### DISPOSAL

Preferably dispose of product by use. Otherwise dispose of product, packaging and waste at an approve landfill or equivalent in accordance with local, regional and national environmental regulations. Avoid release to the environment.

### HAZARD STATEMENT

Causes serious eye irritation. May cause an allergic skin reaction. Suspected of damaging fertility or the unborn child. May cause damage to organs through prolonged or repeated exposure. May cause long lasting harmful effects to aquatic life.
