

DONAGHYS PRICE LOCK

OUR SEASON PRICE GUARANTEE

Due to pressures from exchange rate fluctuations, raw material shortages, shipping, transport, fuel costs and the ongoing threat of Covid, businesses are finding it impossible to maintain prices for any length of time.

At Donaghys we've recognised the need, in difficult times, for New Zealand farmers to have surety over costs. For this reason, Donaghys will guarantee to hold your price on any committed orders, through until 31 March 2024.

While our prices might change during the season, yours will stay the same.

Are your other suppliers offering you the same guarantee?

The season is defined as being 1st April 2023 to 31st of March 2024.

How the Pricing Works

- The Price Band levels (<\$4,999, \$5,000 - \$7,999 etc), are at Retail Standard Pricing excluding GST.
- A Customers order value is calculated at its Standard value to determine which Price Band they fall into.
- The discounted rates from that Price Band can then be applied to the Customer to calculate the actual charge to the Customer and their savings.

Terms and Conditions

- The Donaghys Discount Deal is valid for orders placed from the 1st of April through to the 31st of August 2023.
- All of Donaghys Dairy farm inputs are eligible for inclusion towards qualifying orders with the exception of Rope and Cordage.

- Products included in any other promotion or at RRP different from the Donaghys Standard price list are excluded from this offer unless explicitly stated otherwise.
- Deliveries must occur before 31st of March 2024 and be delivered to a NZ farm or other location as agreed between the Customer and Donaghys.
- Timing of deliveries to be agreed between the Customer and Donaghys.
- Deliveries direct to farm for only \$50 per delivery.

To place an order or for any enquiries please contact your Donaghys Territory Manager.
